Recognizing that excellence can be achieved at any stage in an artist's career, Mississauga Arts Council (MAC) celebrates Artistic Excellence Awards in both Established and Emerging Categories. The finalists and winners in each artistic discipline are selected by an independent jury of experts.

For more details about the breakdown of artistic disciplines, please see the Artistic Excellence Award Disciplines section below.

Artistic Excellence Award for Established Artists

Recognizing the recent outstanding achievement of a Mississauga artist or performer in an artistic discipline, actively working in the arts and culture sector. An established artist is an individual who has been practicing professionally for **more than five years** and:

- Demonstrates strong activity within the Mississauga arts community with a history of public exhibition, performance, or publication.
- They are recognized by their peers as a professional in their artistic discipline.

THIS CATEGORY WILL RECEIVE A MARTY AWARD

Artistic Excellence Award for Emerging Artists

The Emerging Artist Award, recognizes and encourages Mississauga's valued, (minimum 18 years of age) emerging artists who, in the early stages of their careers (**less than five (5) years experience in their artistic discipline**), have demonstrated

exceptional talent and accomplishments, as well as a unique artistic expression and commitment to their art.

Nominees will:

- Have produced a modest, independent body of work, and have shown sustained commitment to the development of their artistic skills.
- Have increasingly demonstrated activity within the Mississauga arts community and have a history of public exhibition, performance, or publication.
- Be committed to their practice as a career and recognized as an excellent artist by others working in the same artistic genre.

THIS CATEGORY WILL RECEIVE A FRAMED CERTIFICATE OF EXCELLENCE

Each year, MAC accepts nominations for both Established and Emerging Artists for outstanding work in the following artistic disciplines listed below. Nominations in the following disciplines are open to individuals/groups representing a body of work produced in the last one to two years.

Categories are subject to change, a minimum number of nominations in a category is required, if not enough nominations are received a category can be cancelled at the sole discretion of MAC. **MAC reserves the right to select no winners in a category in any given year if there are not enough nominations in a category or if the jury deems that nominees are not qualified.**

All Established and Emerging Artist nominations will be evaluated by an independent jury composed of discipline-specific artists, arts professionals, and community leaders involved in the arts and culture landscape in Mississauga. To ensure consistency and fairness, each jury (one jury per artistic practice/discipline) uses the same scoring criteria and a non-voting member of MAC will audit each jury session to ensure a fair and transparent process.

Submitting a nomination does not guarantee you will be selected as a finalist.

Nominations must achieve a minimum benchmark score from the jury to be considered for an Award. The jury will select a minimum of two (2) and a maximum of five (5)

finalists and the winner in each category. The decision of the jury is final and confidential.

Artistic Excellence Award Nomination Eligibility

Multi-disciplinary artists may only be nominated in one (1) artistic category. Nominees can only submit to one (1) artistic category. Please ensure all submission materials reflect the category of the nomination. (Ex. An artist is both a writer and a visual artist. If they are nominated in the visual arts category, their submission materials should reflect their body of visual artwork, not their literary achievements.)

Artistic Excellence Award Judging Criteria

Submissions will be judged on artistic merit, quality of accomplishments, contribution to arts and culture in Mississauga, and quality of application materials.

Mississauga's arts sector is a robust ecosystem and MAC also celebrates the contributions of outstanding volunteers, patrons, lifetime achievers, community arts groups/collectives, and occasionally jury-recommended special recognition awards. The Community Arts Awards are evaluated and scored using similar criteria to the Artistic Excellence Awards.

A jury of local Mississauga media representatives determines the winner of the Festival of the Year Award category. The Volunteer of the Year Award, the Laurie Pallett Patron of the Arts Award and the Lifetime Achievement Award are determined and selected by the Board of Directors of the Mississauga Arts Council who seek nominations from stakeholders.

The Laurie Pallett Patron of the Arts Award does not accept nominations from the public and will be determined by the Board of Directors of Mississauga Arts Council.

MAC reserves the right to select no winners in a category in any given year if there are not enough nominations in a category or if the jury deems that nominees are not qualified.
